## **1.2 Executive Summary**

The Matjhabeng Local Municipality Annual Budget for the 2019/20 financial year is compiled in accordance with the prescripts of the Municipal Finance Management Act 56 of 2003, Municipal Budget and Reporting Regulations and National Treasury's MFMA Circulars.

A review of the service delivery priorities was performed as part of this year's planning and budget process, hence the development of the Annual Budget for the 2019/20 financial year is informed by the key service delivery priorities. The key performance areas of the municipality are:

- KPA 1: Good governance
- KPA 2: Basic Service Delivery
- KPA 3: Inclusive economic development and job creation
- KPA 4: Institutional Transformation
- KPA 5: Financial sustainability and viability

The municipal strategic objectives have been set to deliver the above stated key performance areas:

- Ensuring access to basic services for all residence;
- Developing and sustaining spatial, natural and built environments;
- Providing integrated and sustainable human settlements;
- Addressing the challenges of poverty, unemployment and social inequality;
- Fostering a safe, secure and healthy environment for employees and communities;
- Developing a prosperous and diverse economy;
- Accelerating service delivery through the acquisition and retention of competent and efficient human capital;
- Ensuring sound financial management and viability.

A review of expenditure was also undertaken so to eliminate spending on non-core activities and the implementation of MFMA Circular 82. Furthermore, the municipality entered into payment arrangements with bulk service providers, Eskom and Sedibeng Water.

The main challenges experienced during the compilation of the 2019/20 MTREF can be summarised as follows:

- The ongoing difficulties in the national and local economy;
- Aging and poorly maintained water, roads and electricity infrastructure;

- The need to reprioritise projects and expenditure within the existing resource envelope given the cash flow realities and declining cash position of the municipality;
- The increased cost of bulk water and electricity (due to tariff increases from Sedibeng Water and Eskom), which is placing upward pressure on service tariffs to residents. Continuous high tariff increases are not sustainable - as there will be point where services will no-longer be affordable;
- The facilities of the municipality are not properly maintained due to the low revenue collected on the rental of these facilities this can largely be attributed to the tariffs not being cost reflective.
- Wage increases for municipal staff that continue to exceed consumer inflation, as well as the need to fill critical vacancies;
- Producing a funded budget.
- Affordability of capital projects from own funding.
- Availability of affordable capital/borrowing.

The operational grant allocation for the 2019/20 financial year is R 513 333 000. The Equitable Share allocation is R 504 417 000, Finance Management Grant is R 2 680 000 Expanded Public Works allocation is R 1 236 000 and Energy Efficiency and Demand Site Management Grant.

In view of the above, the following table represents a consolidated overview of the 2019/20 Medium-term Revenue and Expenditure Framework:

**Table 1**

	<b>Budget 2019/20</b>	<b>Budget 2020/21</b>	<b>Budget 2021/22</b>
<b>Total Revenue Budget</b>	R 2 843 418 385	R 2 992 778 785	R 3 160 865 202
<b>Total Expenditure Budget</b>	R 3 246 216 513	R 2 811 80 523	R 2 975 539 859
<b>Surplus /(Deficit)</b>	(R 402 798 128)	R 180 976 263	R 185 325 343
<b>Total Capital Budget</b>	R 170 615 000	R 169 855 000	R 171 111 000

The total revenue is inclusive of all the revenue due to the municipality which includes operating and capital grants.

Total operating expenditure for the 2019/20 financial year is appropriated at R 3 246 216 513 and translates into a budgeted deficit of R 402 798 128 and subsequently a deficit for reserves and cash banking which translates into an unfunded budget.

The importance of tabling funded budgets is highlighted in previous circulars however there are cases that may warrant a plan as this is not achievable over one year. As a result, the municipality must, together with their 2019/20 MTREF budget, table a plan in council to show they will move from an unfunded position to a funded position.

The total capital budget for the MTREF is R 170 615 000 for the 19/20 financial year, R 169 855 000 for the 20/21 financial year and R 171 111 000 for the 21/22 financial year.

**1.3.1 Operating Revenue Framework**

For the municipality to achieve the set targets in terms of service delivery it needs to generate sufficient revenue. The financial state of affairs of the municipality necessitates difficult decisions to be made in terms of tariff increases, cost containment measures and balancing expenditure against planned realistic revenues. Efficient and effective revenue management is thus crucial.

The municipality's revenue strategy is built around the following key components:

- National Treasury's guidelines and macroeconomic policy;
- Growth and continued economic development;
- Efficient revenue management, which aims to ensure a 70% annual collection rate for property rates and an average of 60% per cent for other key service charges;
- Electricity tariff increases as approved by the National Electricity Regulator of South Africa (NERSA);
- Achievement of full cost recovery of specific user charges especially in relation to trading services;
- Determining the tariff escalation rate by establishing/calculating the revenue requirement of each service;
- The municipality's Property Rates Policy approved in terms of the Municipal Property Rates Act, 2004 (Act 6 of 2004) (MPRA);
- Increase ability to extend new services and recover costs;
- The municipality's Indigent Policy and rendering of free basic services; and
- Tariff policies of Matjhabeng Local Municipality.

#### Revenue Raising Strategy – Funding of Budget Plan

- Implementation of the Revenue Enhancement Strategy by increasing the revenue base of the municipality.
- Rejuvenate disconnection project (Operation Patala) with a revenue protection unit in place to monitor reconnections and disconnections.
- Installation of new meters in unmetered areas and replacement of faulty meters.
- Implementation and installation of Automated meter reading (AMR) meters.
- Review budget related policies
- Implementation of the Supplementary Valuation Roll
- Review the tariffs for services rendered to ensure that tariffs are cost reflective.
- The following table is a summary of the 2018/19 MTREF Budgeted Revenue classified by main revenue source (Budgeted Financial Performance)

**Expenditure****Employee Related Cost & Councillor Remuneration**

The salary figure is 24%, R785 036 022 of the total expenditure. However not all vacancies have been filled. This has an adverse impact on service delivery. Councillor Remuneration represents 1%, R33 753 672 of the total expenditure budget. Provision is made for a 7,1% increase in salaries as informed by the Collective Agreement.

**Bulk Service**

Supply of bulk services making up 32%, R1 028 643 354 of total expenditure budget. The total budget for electricity and water is R511 351 999 and R517 291 355. Eskom is increasing its electricity with 15.63% and Sedibeng is increasing with 8%.

**Other Materials**

Other Materials which relates to inventory used for repaired and maintenance is R132 679 093, this is 4% of the total expenditure budget.

**Contracted Services**

Contracted services consist out of outsourced services, consultants and professions; and contractors. The line item for contractors represents the repair and maintenance. The total budget for contracted services is R 215 869 319 which is 7% of total expenditure budget.

**Other Expenditure**

Other General Expenditure relate to operational costs and are therefore inevitable. This makes up 4%, R 139 215 860 of total expenditure.

**Depreciation and Debt Impairment**

The total amount budgeted for debt impairment and depreciation amounts to R768 193 421 which is 24% of the total expenditure budget. These items represent non-cash items however they have formed the biggest portion of the unauthorized expenditure in prior financial year. To ensure a decrease in the unauthorized expenditure it is imperative that we have a realistic budget for the non-cash items.

The Municipality therefore has a great challenge of providing basic services to its population with limited resources.

**Cost Containment Measures**

The President announced the cost-containment measures in the State of the Nation address and it was re-emphasised by the Minister of Finance during the Budget Speech. It must further be noted that MFMA Circular 58, 66, 70, 72, 74 and 75 on cost containment measures are still applicable with regard to curbing of non-priority spending. This group of expenditure has also been identified as an area in which cost savings and efficiencies can be achieved as per the financial recovery plan.

The municipality has already embarked on the process of the implementation of cost containment measures. On 24 April 2015, Council resolved that a Financial Recovery Plan should be developed and that Cost Containment Measures should form part of the plan. On 20 May 2015 the Financial Recovery Plan containing the cost containment measures was tabled in Council and reviewed during the 2017/18 financial year. The cost containment measures involved the following cutting of cost and or elimination of cost on the following items:

1. Catering for all meetings
2. Office groceries
3. Training of officials
4. Transportation
5. Overtime

6. Advertising fees – limited to notices and adverts
7. Internet usage – be limited to government websites
8. Printing cost – centralization of printing and limit colour printing
9. Matjhabeng News
10. No new appointments
11. Procurement of furniture
12. Telephone usage (both landlines and cell phones)

The above austerity measures have been reviewed by analysing cost driving votes, this measure will ensure that all non-priority spending are eliminated.

#### 1.4 Capital Expenditure

The Capital Budget for the 2019/20 financial year is R 170 615 000 and is entirely funded by grants. The sources of funds for the capital budget are as follow:

## 1.6 Proposed Tariff Increases

Tariff setting is a pivotal and strategic part of the compilation of the budget. During the revision of the tariffs the local economic conditions, input costs, the macro-economic forecasts as prescribed by MFMA circulars and the affordability of services were taken into account to ensure financial sustainability. The municipality also participated in a tariff setting workshop which was presented by the National and Provincial Treasury.

The table below provides information on the proposed tariff increases for the service charges. The average tariff increase for rates will be 6%. The estimated tariff increase for water will be 6% and electricity will be increased with an overall average 13.07%. The tariff increases for sewerage and refuse will be at 6% which is in line with the CPIX.

<i><b>Tariff increases – Revenue 2019/20</b></i>	
<b>Revenue category</b>	<b>Average tariff increases</b>
<b>Rates</b>	6%
<b>Water</b>	6%
<b>Electricity</b>	6%
<b>Sewerage</b>	6%
<b>Refuse</b>	6%

The general tariffs will be increased with 6%.

The municipality commenced with the implementation of the winter and summer tariffs for electricity in the 2014/15 financial year. A comprehensive tariff study was performed on the electricity tariff to ensure full cost recovery. The proposed overall average tariff increase for electricity will be at 13.07%. The municipality will continue implementing the winter, summer tariff as well as Inclining Block Tariffs (IBT) during the 2019/20 financial year as well as the outer years.

The municipality however still experience challenges in performing a fully cost reflective study on other tariffs. Therefore in considering the drafting of the budget in the 2019/20 financial year our tariffs must be cost reflective notwithstanding the CPIX and regulations by National Treasury. This is in consideration of improving revenue collection of these facilities as well as the quality of services to be provided by the municipality. To this extent all departments of the municipality will be required to evaluate their tariffs so that they are cost reflective and market related. The cost reflective tariffs will be phased in.
