

**MATJHABENG MUNICIPALITY**

**ANNEXURES**

of the

**PUBLIC SAFETY SECTION 80  
COMMITTEE MEETING**

convened for

**WEDNESDAY, 04 MARCH 2020**

at

**10h00**

at the

**PUBLIC SAFETY & TRANSPORT  
BOARDROOM**

Voordat aflewering gedoen is was alle betalings gedoen. Ons wil Matjhabeng geluk wens en ons is baie trots op julle, dankie dat julle Matjhabeng inkleur en 'n verskil maak.

**MATJHABENG**  
**WHOW, MATJHABENG!** Dit was die eerste keer dat ons gekry het toe ons die dokumente ontvang het om te se ons het 'n gedeelte van die tender gekry.

"Ons wil Welkom skoon maak" was die woorde van ons Burgermeester" ons gaan al die ou voertuie verkoop en die geld wat ons inkry, gaan ons 'n funksie met 'n klein "budget" hou sodat ons eerder die geld kan gebruik om nuwe voertuie te koop. Hy haal die woorde van ons President Mr Zuma aan. "Munisipaliteite moet diens lewer en 'n verskil maak"dit is wat hulle gedoen het."

## PROCUREMENT OF VEHICLES FOR FIRE & RESCUE SERVICES

<i>Type of vehicle</i>	<i>Section</i>	<i>Quantity</i>	<i>Reason / Purpose</i>
<b>SEDANS</b>			
Sedan 1600cc	Fire Safety	2	To conduct fire safety inspections in and around Matjhabeng
Sedan 1600cc	Operational	1	To assist personnel with shift changes after hours
<b>LDV's</b>			
3.0 L 1 Tonner 4X4 Single Cab	Operational	2	To put the skid units on, and to be used for grass fires during winter season. (One for East and one for West region)
3.0 L D/Cab 4X2	Operational	3	To put the skid units on, and to be used for grass fires during winter season, or during heavy raining seasons to transport the community members to safer area. (Two for West and one for East region)
<b>MINI BUSES</b>			
15 Seater	Training	1	To transport students during courses, to do training offsite
<b>RESPONSE UNITS</b>			
Rapid Intervention Vehicle with rescue equipment and small skid unit	Operational	2	This combie is converted into a rapid response vehicle, to respond to small incidents inside Welkom and for fast response on the N1 during an accident. (One for Mmamahabane to cover the N1 and one for Welkom)
<b>TRUCKS</b>			
Water Tanker with pump	Operational	2	As the fire engines only carry 3000L water, this water tanker (10 000L) will be used as a water backup during major incidents and when there is a water shortage. (One for East and one for West region)
Fire Engine - Major Pumpers	Operational	2	To be utilized in industrial areas and Major Hazardous Installations. (One for East and one for West region)
Fire Engine - Medium Pumpers	Operational	2	To be utilized for structural and shack fires. A Major pumper cannot be used for shack fires, as the areas between shacks are too small for the movement of the vehicle.
Hazardous Material Truck	Operational	2	There is a lot of Hazardous Materials that is moving in and around Welkom. This fully equipped hazmat vehicle will be used to assist us during any HazMat incidents. Long exposure of chemicals could cause harm to the environment and the community. (One for East and one for West region)
<b>AERIAL APPLIANCES</b>			
Hydraulic Platform with 30m boom and a build-in pump	Operational	1	Our existing Hydraulic Platform is very old and is more in the workshop than operational. As a hydraulic platform is very necessary for aerial firefighting and to do rescues from high buildings. It also must have pumping capabilities. This vehicle will be utilised in Welkom.
Turntable Ladder with a 30m extension ladder, and a build-in pump	Operational	1	The Fire Department does not consist of a Turntable Ladder, and this vehicle is very necessary to perform rescues from high buildings. It also must have pumping capabilities. This vehicle will be utilised in Virginia and Hennenman.
