## PART 1 – ANNUAL BUDGET

#### 1.1 MAYOR'S REPORT

The budget cycle for Matjhabeng Local Municipality starts on the 1<sup>st</sup> of July of each year, and ends at 30<sup>th</sup> June the following year.

According to section 24(1) of the Municipal Finance Management Act, a municipal council must at least 30 days before the start of the new financial year, consider approval of the annual budget.

The Matjhabeng Municipality's Annual Budget includes an Operational Budget that provides for the annual expenditure and revenue estimates for 2018/19 MTREF, as well as a Capital Budget that provides for the on-going investment in infrastructure necessary to provide services to the community.

The consolidated Revenue Budget for the 2018/19 financial year is R 2 653 704 150, inclusive of operating and capital transfers and R 2 490 298 150 excluding capital transfers and contributions. The Expenditure Budget for the 2018/19 MTREF is R 2 415 436 293.

The Operational budget is divided into revenue and expenditure sections. The sources of revenue comprises of property rates, electricity, water, sanitation; refuse removal, grants and subsidies, interest and investment income and other revenue. The total consolidated revenue is R 2 653 704 150 inclusive of both operating and capital grants. The expenditure by type includes items such as employee related costs, bulk services, contracted services, debt impairment, depreciation and asset impairment, transfers and grants, other materials and general expenditure. The total expenditure is R 2 490 298 150 and the capital budget is R 163 406 000.

The water tariff is increasing with 5.3% as a result of the unit price of water and the present difficult economic situation. The bulk service provider, Sedibeng Water is increasing it tariffs with 9% for the 2018/19 financial year. The overall electricity tariff is increasing with 6.84% and Eskom, the bulk electricity supplier is increasing with 7.32%. The refuse tariff is increasing with 5.3%, this increase will assist with the repair and maintenance of the municipality's infrastructure. The sewerage tariff is increasing with 5.3%.

The factors which have been considered in the increases include the following:

- CPIX of 5.3% (MFMA Circular 91 Budget Review 2015)
- Increase in Sedibeng Water tariff 9%
- Eskom tariff increase 7.32% and NERSA approved tariff increase of 6.84%
- Salary increase approximately 8%

The Capital Budget for the 2018/19 financial year is R 163 406 000. The sources of funds for the capital budget are as follow:

Municipal Infrastructure Grant R 116 581 000

Water Services Infrastructure Grant R 36 825 000

Integrated National Electrification Programme R 10 000 000

## 1.2 Executive Summary

The Matjhabeng Local Municipality Annual Budget for the 2018/19 financial year is compiled in accordance with the prescripts of the Municipal Finance Management Act 56 of 2003, Municipal Budget and Reporting Regulations and National Treasury's MFMA Circulars.

A review of the service delivery priorities were performed as part of this year's planning and budget process, hence the development of the Annual Budget for the 2018/19 financial year is informed by the key service delivery priorities. The key performance areas of the municipality are:

KPA 1: Good governance

KPA 2: Basic Service Delivery

KPA 3: Inclusive economic development and job creation

**KPA 4: Institutional Transformation** 

KPA 5: Financial sustainability and viability

The municipal strategic objectives have been set to deliver the above stated key performance areas:

- Ensuring access to basic services for all residence;
- Developing and sustaining spatial, natural and built environments;
- Providing integrated and sustainable human settlements;
- Addressing the challenges of poverty, unemployment and social inequality;
- Fostering a safe, secure and healthy environment for employees and communities;
- Developing a prosperous and diverse economy;
- Accelerating service delivery through the acquisition and retention of competent and efficient human capital;
- Ensuring sound financial management and viability.

A review of expenditure was also undertaken so to eliminate spending on non-core activities and the implementation of MFMA Circular 82. Furthermore the municipality entered into payment arrangements with bulk service providers, Eskom and Sedibeng Water.

The main challenges experienced during the compilation of the 2018/19 MTREF can be summarised as follows:

- The ongoing difficulties in the national and local economy;
- Aging and poorly maintained water, roads and electricity infrastructure;
- The need to reprioritise projects and expenditure within the existing resource envelope given the cash flow realities and declining cash position of the municipality;
- The increased cost of bulk water and electricity (due to tariff increases from Sedibeng Water and Eskom), which is placing upward pressure on service tariffs to residents. Continuous high tariff increases are not sustainable - as there will be point where services will no-longer be affordable;
- The facilities of the municipality is not properly maintained due to the low revenue collected on the rental of these facilities this can largely be attributed to the tariffs not being cost reflective.
- Wage increases for municipal staff that continue to exceed consumer inflation, as well as the need to fill critical vacancies;
- Producing a funded budget.
- Affordability of capital projects from own funding.
- Availability of affordable capital/borrowing.

The operational grant allocation for the 2018/19 financial year is R 461 252 000. The Equitable Share allocation is R 459 037 000 and Finance Management Grant is R 2 400 000. The Municipal Systems Improvement Grant is an indirect grant as from the 2018/19 financial year.

In view of the aforementioned, the following table represents a consolidated overview of the 2018/19 Medium-term Revenue and Expenditure Framework:

Table 1

	Budget 2018/19	Budget 2019/20	Budget 2020/21
Total Revenue Budget	R 2 653 704 150	R 2 727 226 837	R 2 890 946 643
Total Expenditure Budget	R 2 415 436 293	R 2 545 924 456	R 2 676 720 528
Surplus /(Deficit)	R 238 267 856	R 181 302 381	R 214 226 116
Total Capital Budget	R 163 245 000	R 126 750 000	R 132 355 000

The total revenue is inclusive of all the revenue due to the municipality which includes operating and capital grants.

Total operating expenditure for the 2018/19 financial year has been appropriated at R 2 415 436 293 and translates into a budgeted surplus of R 238 267 856. The operating surpluses will be used to fund capital expenditure and to further ensure cash backing of reserves and funds should the municipality receive all monies budgeted for.

The total capital budget for the MTREF is R 163 245 000 for the 18/19 financial year, R 126 750 000 for the 19/20 financial year and R 132 355 000 for the 20/21 financial year.

**Budget 2018/19** 

#### 1.3 Operating Budget Framework

The proposed operating revenue framework is R 2 490 864 150 and the consolidated revenue is approximately R 2 654 109 150. The operating expenditure framework is totaling at R 2 413 458 36. Revenue is increasing by 7% and expenditure by 4%.

	Budget 2017/18	Budget 2018/19	% increase	Estimated 2019/20	Estimated 2020/21
Revenue	R 2 470 069 358	R 2 653 704 150	7.43%	R 2 727 226 837	R 2 890 946 643
Expenditure	R 2 322 831 657	R 2 415 436 293	3.99%	R 2 545 924 456	R 2 676 720 528
Capital transfers and contributions	R 156 216 000	R 163 245 000	4.50%	R 126 750 000	R 132 355 000
Surplus/ (Deficit) after capital transfers	R 157 740 101	R 238 267 856		R 126 750 000	R 214 226 116

## 1.3.1 Operating Revenue Framework

For the municipality to achieve the set targets in terms of service delivery it needs to generate sufficient revenue. The financial state of affairs of the municipality necessitates difficult decisions to be made in terms of tariff increases, cost containment measures and balancing expenditure against planned realistic revenues. Efficient and effective revenue management is thus crucial.

The municipality's revenue strategy is built around the following key components:

- National Treasury's guidelines and macroeconomic policy;
- Growth and continued economic development;
- Efficient revenue management, which aims to ensure a 70% annual collection rate for property rates and an average of 60% per cent for other key service charges;
- Electricity tariff increases as approved by the National Electricity Regulator of South Africa (NERSA);
- Achievement of full cost recovery of specific user charges especially in relation to trading services;
- Determining the tariff escalation rate by establishing/calculating the revenue requirement of each service;
- The municipality's Property Rates Policy approved in terms of the Municipal Property Rates Act, 2004 (Act 6 of 2004) (MPRA):
- Increase ability to extend new services and recover costs;
- The municipality's Indigent Policy and rendering of free basic services; and
- Tariff policies of Matjhabeng Local Municipality.

## Revenue Raising Strategy

- Implementation of the Revenue Enhancement Strategy by increasing the revenue base of the municipality.
- Rejuvenate disconnection project (Operation Patala) with a revenue protection unit in place to monitor reconnections and disconnections.
- Installation of new meters in unmetered areas and replacement of faulty meters.
- Implementation and installation of Automated meter reading (AMR) meters.
- Review budget related policies
- Implementation of the Valuation Roll
- Review the tariffs for services rendered to ensure that tariffs are cost reflective.

The following table is a summary of the 2018/19 MTREF Budgeted Revenue classified by main revenue source (Budgeted Financial Performance)

Table 2 – Budgeted Financial Performance (Revenue per source) R'000

Table 2 (Table A4 Budgeted Financial Performance – revenue) reflects the operating revenue which excludes the capital transfers and contributions which is in line with the Municipal Budget and Reporting Regulations.

The main sources of revenue are property rates, service charges and transfers recognized as operational.

## **Property Rates**

Property Rates increased to R 294 052 535 in the 2018/19 financial year and represents 12% of the revenue budget. The property rates tariffs will increase with 5.3% in the 2018/19 financial year, this increase is guided by MFMA Circular 91. An amount of R 36 805 000 is budgeted for revenue foregone. Revenue foregone can be defined as any income that the municipality is entitled to by law to levy, but which has subsequently foregone by way of rebate. The total amount inclusive of revenue foregone is therefore R 330 857 412. The collection rate on property rates is set at 90%, this target was set based on the development of the financial recovery plan and the revenue enhancement strategy as well as the past collection trends. The municipality also reviewed its budget related policies to ensure optimal collection of revenue due to the municipality. The municipality also envisages disposing of land for the purposes of development which will in turn result in property rates levied against the developments.

## Service charges

The service charges for the 2018/19 budget is R 1 278 744 423, 51% of the revenue is from service charges. Service charges consist of revenue derived from electricity, water, sanitation and refuse. Electricity revenue increases with an overall average of 6.84% which is in line with the approved NERSA guideline. The budgeted amount for electricity is R 673 479 058. Water revenue increases to R 361 259 659 in the 2018/19 financial year, this increase results in an average increase of 5.3%. Sanitation and Refuse service charges increase with 5.3%, this increase is in line with the CPIX as prescribed in MFMA Circular 91. The budgeted amount for Sanitation services is R 155 578 326 and R 88 622 026 for Refuse.

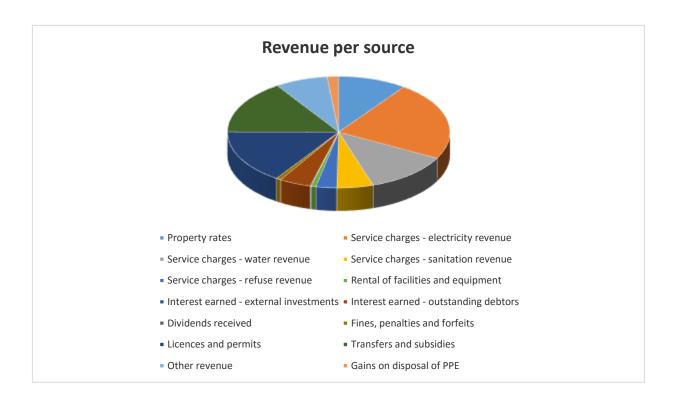

#### **Operational Transfers and Grant receipts**

Transfers recognized as operational receipts is the second largest revenue source totaling which is 19% of the revenue and amount to R 461 252 000 for the 2018/19 financial year. The Equitable share allocation is a grant which supplement the municipality's own revenue for the provision of the necessary basic level of services to each poor household within their jurisdiction. The annual Division of Revenue Act publishes the equitable share allocation. The Municipal Systems Improvement Grant (MSIG) is classified as an indirect grant as from the 2016/17 financial year.

#### **Other Revenue Sources**

Other revenue sources consist of rental of facilities and equipment, interest earned, fines, gains on disposal of assets and other revenue.

- Gains on disposal of PPE
  - The municipality intends to dispose of assets during the 2018/19 financial year and has already started with the process. The projected revenue from the disposal of assets is R 50 000 000. This projected revenue will be utilized as a source of funding for capital projects.
- Other Revenue
  - The budgeted amount for other revenue is R 224 710 179.

Total Expenditure	2 023 363	2 772 001	2 810 990	2 322 822	2 320 453	2 320 451	2 322 832	2 415 436	2 545 924	2 676 721

**Employee Related Cost:** The salary budget is R 732 641 693 which is 30% of the total expenditure budget. The collective SALGBC agreement has come to an end, salary increases have been factored into this budget at a percentage of approximately 8% for the 2018/19 financial year,

#### Matjhabeng Local Municipality

However, not all vacancies have been filled. This has an adverse impact on service delivery. If all positions were to be filled, the salary figure would be closer to 50% of total expenditure. This would clearly be unaffordable to the municipality. However, there are critical positions that would have to be filled. Provision is made for an 8% salary increase and then only critical vacancies are budgeted for.

**Bulk purchases:** The supply of bulk services is budgeted at R 921 204 731 which represents 38% of the expenditure budget. Bulk purchases are directly informed by the purchase of electricity from Eskom and Sedibeng Water. Bulk services suppliers Eskom and Sedibeng will increase their tariffs with 6.84% and 9% respectively. These increases were incorporated in the projections for bulk services expenditure. The municipality entered into payment arrangements with its bulk service providers of which the proposed terms of payment were capitalized in the bulk purchases.

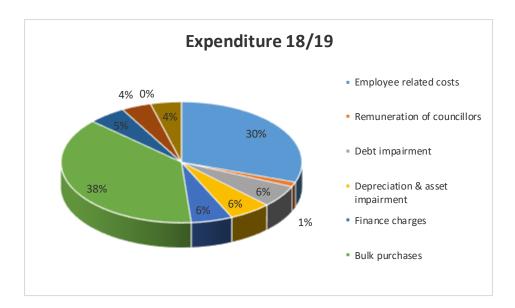

**Depreciation and Asset Impairment:** The municipality adopted the amendments of GRAP 17 for the first time in the 2012 annual financial statements. The provision for depreciation and asset impairment has been informed by the Municipal Asset Management Policy. The projected depreciation is lower than the actual, the municipality will implement a phase in approach to ensure that the total depreciation and asset impairment is covered over the MTREF.

**Debt impairment:** The provision of debt impairment for the 2018/19 financial year equates to R 142 020 000 based on the average collection rate of 60% for services and 90% for property rates. While this expenditure is considered non-cash flow item, it informed the total cost associated with rendering the services of the municipality, as well as the municipality's realistically anticipated revenues.

**Finance Charges:** Finance charges consist of the repayment of interest on outstanding creditors. Finance charges amounts to R 126 million for the 2017/18 financial year. The projected finance charges is to cover the interest charged on outstanding bulk service providers (Eskom and Sedibeng). The municipality entered into payment plans with both bulk service providers to settle the arrears.

**Contracted Services:** This group of expenditure was critically evaluated during the compilation of the 2018/19 budget and represents 4% of the total expenditure budget. In the 2018/19 financial year this group of expenditure totals to R 104 067 657. Contracted services consists of consultants and professionals, outsourced services and contractors.

**Other Expenditure:** Other expenditure consist of various line items relating to the daily operations of the municipality. The other expenditure is budgeted at R 92 307 379 in the 2018/19 financial year.

#### **Cost Containment Measures**

The President announced the cost-containment measures in the State of the Nation address and it was reemphasised by the Minister of Finance during the Budget Speech. It must further be noted that MFMA Circular 58, 66, 70, 72, 74 and 75 on cost containment measures are still applicable with regard to curbing of non-priority spending. This group of expenditure has also been identified as an area in which cost savings and efficiencies can be achieved as per the financial recovery plan.

The municipality has already embarked on the process of the implementation of cost containment measures. On 24 April 2015, Council resolved that a Financial Recovery Plan should be developed and that Cost Containment Measures should from part of the plan. On 20 May 2015 the Financial Recovery Plan containing the cost containment measures was tabled in Council and reviewed during the 2017/18 financial year. The cost containment measures involved the following cutting of cost and or elimination of cost on the following items:

- 1. Catering for all meetings
- 2. Office groceries
- 3. Training of officials
- 4. Transportation
- 5. Overtime
- 6. Advertising fees limited to notices and adverts
- 7. Internet usage be limited to government websites
- 8. Printing cost centralization of printing and limit colour printing
- 9. Matihabeng News
- 10. No new appointments
- 11. Procurement of furniture
- 12. Telephone usage (both landlines and cell phones)

The above austerity measures have been reviewed by analysing cost driving votes, this measure will ensure that all non-priority spending are eliminated.

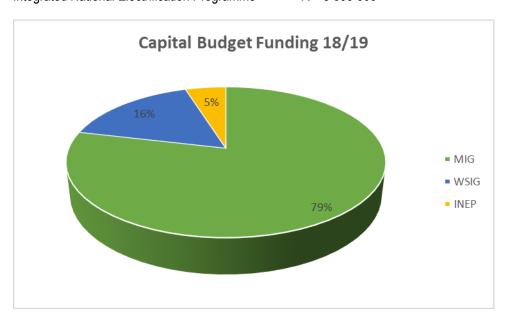

## 1.4 Capital Expenditure

The Capital Budget for the 2018/19 financial year is R 163 245 000. The sources of funds for the capital budget are as follow:

Municipal Infrastructure Grant R 128 420 000

Water Services Infrastructure Grant R 26 825 000

Integrated National Electrification Programme R 8 000 000

### 1.6 Proposed Tariff Increases

Tariff setting is a pivotal and strategic part of the compilation of the budget. During the revision of the tariffs the local economic conditions, input costs, the macro-economic forecasts as prescribed by MFMA circulars and the affordability of services were taken into account to ensure financial sustainability. The municipality also participated in a tariff setting workshop which was presented by the National and Provincial Treasury.

The table below provides information on the proposed tariff increases for the service charges. The average tariff increase for rates will be 5.3%. The estimated tariff increase for water will be 5.3% and electricity will be increased with an overall average 6.84%. The tariff increases for sewerage and refuse will be at 5.3% which is in line with the CPIX.

Tariff increases – Revenue 2018/19

	•
Revenue category	Average tariff
	increases
Rates	5.3%
Water	5.3%
Electricity	6.84%
Sewerage	5.3%
Refuse	5.3%

The general tariffs will be increased with 5.3%.

The municipality commenced with the implementation of the winter and summer tariffs for electricity in the 2014/15 financial year. A comprehensive tariff study was performed on the electricity tariff to ensure full cost recovery. The proposed overall average tariff increase for electricity will be at 7.32% as per the NERSA. The municipality will continue implementing the winter, summer tariff as well as Inclining Block Tariffs (IBT) during the 2018/19 financial year as well as the outer years.

The municipality however still experience challenges in performing a fully cost reflective study on other tariffs. Therefore in considering the drafting of the budget in the 2018/19 financial year our tariffs must be cost reflective notwithstanding the CPIX and regulations by National Treasury. This is in consideration of improving revenue collection of these facilities as well as the quality of services to be provided by the municipality. To this extent all departments of the municipality will be required to evaluate their tariffs so that they are cost reflective and market related. The cost reflective tariffs will be phased in.

#### 1.7 Council Resolution

### PART 2 – SUPPORTING DOCUMENTATION

#### 2.1 Overview of Budget Process

This chapter provides an overview of the Budget Process, as well as an overview of the current financial position and the various challenges it faces in the year ahead.

### THE BUDGET PROCESS

Budgeting is the central process of prioritising service delivery and the management of functions within the Municipality. That prioritising is perhaps the single most important contribution that Council makes in setting the direction of the organisation and represents a principle management responsibility. The developing of the budget begins with the Integrated Development Plan (IDP), which is a community driven document, where the citizens of Matjhabeng get an opportunity to communicate their needs and desires to their representatives on Council. This document, which is linked to the Budget, forms the 'wish list' for projects, and service delivery items for the Municipality to consider as it develops the Budget. The challenge then facing the Municipality is finding the means to deliver on the 'wish list' to the community while also maintaining existing programs and services while addressing the current service needs to meet increasing demands. The process is managed by a series of transparent meetings and discussions between management, Council, and the community until a final Budget is passed in May/June of each year. That Budget then represents the legal, and directional spending limits for the Municipality for the Budget Year.

The budget cycle is a continuous process of planning, implementing, monitoring and reporting.

The Municipal Finance Management Act (56 of 2003) (MFMA) provides that the involvement of Council in the budgeting and financial management process must be:-

- ✓ Consideration of the views of the local community and any organ of state that made submissions on the tabled budget
- ✓ Give the mayor an opportunity to respond to any submissions and if necessary revise the budget.
- ✓ Consider approval of the budget at least 30 days before the start of the budget year.
- ✓ Approve the budget before the start of the budget year.

✓

By focusing on these critical aspects, Councillors will be able to provide appropriate political leadership and direction to the Municipality's operations, oversee the preparation of budgets and oversee the achievement of financial and non-financial objectives expressed in the budget and IDP.

The Budget Process is guided by the following phases:-

- ✓ Revision of the Integrated Development Plan
- ✓ Development of Budget Policies and Guidelines
- ✓ Preparation and submission of departmental budgets

### **Matjhabeng Local Municipality**

- ✓ Preparation of the draft annual budget
- ✓ Revision of the budget by the Budget Advisory Committee
- ✓ Revision of the budget by the Mayoral Committee
- ✓ Community Consultations
- ✓ Budget approval and
- ✓ Budget implementation

# **MATJHABENG LOCAL MUNICIPALITY**

## TIME SCHEDULE OF KEY DEADLINES - BUDGET 2018/2019

Month	Mayor and Council	Administration - Municipality
July	Mayor begins planning for next three-year budget in accordance with co-ordination role of budget process  MFMA s 53  Planning includes review of the previous years budget process and completion of the Budget Evaluation Checklist	Accounting officers and senior officials of municipality begin planning for next three-year budget MFMA s 68, 77  Accounting officers and senior officials of municipality review options and contracts for service delivery MSA s 76-81
August	Mayor tables in Council a time schedule outlining key deadlines for: preparing, tabling and approving the budget; reviewing the IDP (as per s 34 of MSA) and budget related policies and consultation processes at least 10 months before the start of the budget year.  MFMA s 21,22, 23;  MSA s 34, Ch 4 as amended  Mayor establishes committees and consultation forums for the budget process	
September	Council through the IDP review process determines strategic objectives for service delivery and development for next three-year budgets including eview of provincial and national government sector and strategic plans	Budget offices of municipality determine revenue projections and proposed rate and service charges and drafts initial allocations to functions and departments for the next financial year after taking into account strategic objectives  Engages with Provincial and National sector departments on sector specific programmes for alignment with municipalities plans (schools, libraries, clinics, water, electricity, roads, etc)
October		Accounting officer does initial review of national policies and budget plans and potential price increases of bulk resources with function and department officials  MFMA s 35, 36, 42; MTBPS

Month	Mayor and Council	Administration - Municipality
November		Accounting officer reviews and drafts initial changes to IDP  MSA s 34

January		Accounting officer reviews proposed national and provincial allocations to municipality for incorporation into the draft budget for tabling. (Proposed national and provincial allocations for three years must be available by 20 January)  MFMA s 36
February		Accounting officer finalises and submits to Mayor proposed budgets and plans for next three-year budgets taking into account the recent mid-year review and any corrective measures proposed as part of the oversight report for the previous years audited financial statements and annual report.  Mid-year budget and performance assessment conducted by PT & NT.
March	Mayor tables municipality budget, resolutions, plans, and proposed revisions to IDP at least 90 days before start of budget year MFMA s 16, 22, 23, 87; MSA s 34	Accounting officer publishes tabled budget, plans, and proposed revisions to IDP, invites local community comment and submits to NT, PT and others as prescribed  MFMA s 22 & 37; MSA Ch 4 as amended  Accounting officer reviews any changes in prices for bulk resources as communicated by 15 March  MFMA s 42
April	Consultation with national and provincial treasuries and finalise sector plans for water, sanitation, electricity etc  MFMA s 21	Accounting officer assists the Mayor in revising budget documentation in accordance with consultative processes and taking into account the results from the third quarterly review of the current year
Мау	Public hearings on the budget, and council debate. Council consider views of the local community, NT, PT, other provincial and national organs of state and municipalities. Mayor to be provided with an opportunity to respond to submissions during consultation and table amendments for council consideration. Council to consider approval of budget and plans at least 30 days before start of budget year.  MFMA s 23, 24; MSA Ch 4 as amended	

Month	Mayor and Council	Administration - Municipality
June	Council must approve annual budget by resolution, setting taxes and tariffs, approving changes to IDP and budget related policies, approving measurable performance objectives for revenue by source and expenditure by vote before start of budget year MFMA s 16, 24, 26, 53	14 days after approval of the budget a draft of the SDBIP and annual performance agreements required by s 57(1)(b) of the MSA.  MFMA s 69; MSA s 57
	Mayor must approve SDBIP within 28 days after approval of the budget and ensure that annual performance contracts are concluded in accordance with s 57(2) of the MSA. Mayor to ensure that the annual performance agreements are linked to the measurable performance objectives approved with the budget and SDBIP. The mayor submits the approved SDBIP and performance agreements to council, MEC for local government and makes public within 14 days after approval.  MFMA s 53; MSA s 38-45, 57(2)	Accounting officers of municipality publishes adopted budget and plans MFMA s 75, 87
	Council must finalise a system of delegations.  MFMA s 59, 79, 82; MSA s 59-65	

Abbreviations: IDP - Integrated Development Plan; MFMA - Local Government: Municipal Finance Management Act, No. 56 of 2003; MSA - Local Government: Municipal Systems Act, No. 32 of 2000, as amended; MTBPS - National Treasury annual publication, Medium Term Budget and Policy Statement; NT - National Treasury; PT - Provincial Treasuries; SDBIP - Service Delivery and Budget Implementation Plan

### 2.2 Overview of the Budget Assumptions

The 2018/19 MTREF budget were bases on the following assumptions:

- a) Increase of 5.3% in water tariffs for the 2018/2019 financial year. The proposed increase by Sedibeng is 9%.
- b) There will be an overall average increase of 6.84% in electricity tariffs for the 2018/2019 financial year as per NERSA guidelines
- c) Assessment rates will increase with 5.3%.
- d) There will be a 5.3% increase in Refuse and Sewerage Rates.
- e) General tariffs will increase with 5.3%

### **Budget Assumptions:-**

- CPIX of approximately 5.3%
- Increase in Sedibeng Water tariffs by 9%
- Eskom Tariff increase of 7.32% and 6.84% for municipalities
- Salary increases of approximately 8%
- National Treasury (MFMA Circular No. 91)
- e) The average pay rate of 60% has been informed by the following factors:-
- · Historic collection trends.
- f) The Equitable Share allocation for the 2018/19 financial year will be R 459 037 000.

#### **Matjhabeng Local Municipality**

With this back ground in mind, we are therefore of the view that the budgeted revenue figure is realistic. However, the major challenge facing the municipality is the huge backlog in service delivery.

### 2.3 Overview of the Budget Policies

### **Recommended Budget Policies**

Sustainability is the notion that current economic and consumption patterns should not reduce opportunities for future generations by depleting or impairing resources. The driving force behind sustainability is the recognition that, our communities' natural capital is limited. Sustainability demands balance among economy, environment, and community. Emphasizing any one of these factors over the others causes an imbalance in future equity and undermines the ability to support current business practices over the long term. Many businesses worldwide have demonstrated that they can operate profitably while employing sustainable practices. Similarly, many governments have adopted and implemented sustainable policies and business practices. Through the power of example, the public sector must continue to lead the way toward a sustainable future. Standing at the vortex of the policymaking process, government has an important role to play in this critical effort.

That the issue of sustainability is considered a core value in setting organizational policy and establishing business practices in all areas of public finance. Accordingly, it is recommended that Matjhabeng Municipality adopt the following policies.

The following are the budget related policies:

Supply Chain Management Policy
Municipal Property Rates Policy
Credit Control Policy
Indigent Policy
Petty Cash Policy
Subsistence and Travelling Policy
Tariff Policy
Unallocated Deposits Policy
Budget Policy
Deposits Policy
Liability, Investment and Cash Management policy
Asset Management policy
